STRIKE DISORDERS QUELLED IN RHODE ISLAND.

TROOPS PROTECT CAR LINES

PAWTUCKET MAYOR WANTS TO DISMISS MILITIA.

QUIET IN MINE STRIKE FIELD

OFFICERS OF UNION WORK TO PREVENT DISORDER.

Pawtucket, R. I., June 13.—The first duty today of the militia who are assisting the local authorities here in maintaining order in connection with the street railway strike was to clear the streets of all debris which had accumulated during the night or had been placed on the tracks to hinder the resumption of traffic. When this had been done, the street railway company was notified by General Tanner, in command of the troops, that the road was unobstructed, and preparations were made for sending out cars.

Although during the latter part of yesterday afternoon and last night there was no serious disturbance, there was no relaxation today in the vigorous measures put in force yesterday.

There is a strong feeling not confined to one class of citizens against the deputy sheriffs who have discharged firearms during the strike. This feeling was particularly noticeable after the shooting of the 12-year-old boy, Verner Peterson, yesterday. The feeling towards the militia is more friendly.

Mayor Fitzgerald, who returned here last night from his wedding journey, called on the governor today to discuss the situation and to have the militia withdrawn. The mayor considers the presence of the soldiers as contributing to disturbances. He says he will guarantee protection to the cars. When asked if he would put officers on the cars the mayor said he would not. "The officers on their beats, together with the specials, can protect the cars," he said.

The first car from Providence proceeded through this city at 10.30. It was without the usual deputation of guards. While there was no very serious demonstration five arrests were made by the soldiers, who lined the streets. Some stones were thrown and the driver and conductor were hissed, but these outbursts were quelled by the soldiers before they had assumed serious proportions.

QUIET AT LEHIGH MINES.

Wilkesbarre, Pa., June 13.—For the first time this week there was no demonstration in the vicinity of the Lehigh Valley company's William A. colliery at Duryea today. The efforts of the strike leaders to have the men keep the peace have been successful and there was no gathering of idlers at the colliery to annoy the workmen. The Lehigh Valley company has followed a policy of keeping its guards in the background so as to avoid any serious clash, but the attempted shooting of its division superintendent on Wednesday night has caused it to change its methods. Last night and today extra coal and iron police were sent to the colliery and they were distributed around the mine in conspicuous places. It is the company's intention to take no more chances of having its employes injured.

An attempt was made late last night to start up the pumps in the collieries of the Susquehanna Coal company, at Hanticoke, but the effort was defeated by the engineers quitting work almost in a body. There is a very large number of armed coal and iron police in that vicinity, which fact has caused much uneasiness there.

The strike drags along without any change. Information from all parts of the strike affected territory shows the situation to be quiet today. President Mitchell had nothing to give out of any importance regarding the anthracite strike. He said the strike was complete and there was nothing to do but wait. He has received no information from West Virginia that shows any change in the situation there. He repeated his assertion that the suspension in that locality is nearly complete.

WARN NON-UNION MEN.

Tamaqua, Pa., June 13.—All last night the Panther Creek Valley was in a state of excitement. Large delegations of striking miners visited the homes of the non-union men and warned them not to go to work in the morning. Today it is claimed the pumps at five of the nine collieries in the valley are not running. The striking men here are endeavoring to induce all tradesmen to go out. An appeal has been made to the carpenters, machinists and moulders Feeling is at very high tension and the people are in a state of apprehension.

SUES FOR SUPPORT.

Ruby Baldwin, wife of a street car employe, files suit against her husband, John L. Baldwin, for support. The complaint alleges that the parties were married in 1895 and lived together until several days ago, when the defendant abandoned her and has since refused to contribute toward her support. She alleges that there is now due him the sum of $60 from the traction company, and that his wages average $60 per month; that it will require about $5 per week for her support, wherefore she asks for an order compelling the street car company to pay her the sum of $60 now due him and the further sum of $5 per week so long as the defendant remains in the employ of said company.

INJURIES MAY PROVE FATAL

JAMES M'CARTHY STRUCK BY FALLING DERRICK.

Sustains Broken Collar Bone and Internal Injuries—His Wife Summoned from Detroit.

James McCarthy, a stone mason, employed on the new high school building at the corner of Barr and Lewis streets, was probably fatally injured this morning by being struck by a falling derrick. His condition is such that his wife, who has been visiting in Detroit, has been telegraphed for, and is expected home this evening.

McCarthy was standing on the foundation examining a blue print when the accident occurred. Three men were moving one of the hand derricks when one of the guy ropes pulled loose and although the men shouted to McCarthy, the warning came too late, and the derrick struck the man a glancing blow on the right side, knocking him off the foundation wall into the basement excavation.

The ambulance was summoned and McCarthy was hurried to St. Joseph hospital, where his injuries were dressed by Drs. C. B. and Will Stemen. It was found that his right collar bone was broken and there was a deep gash in his chin, besides abrasions on other parts of his body. There are evidences of serious internal injuries and the attending physicians regard the man's condition as being very grave.

LEAVES DOWN TOWN STATION

FIRST SOUTHWESTERN CAR TOMORROW MORNING.

Interurban Company Will Land Passengers at Pearl and Harrison—Cut Out Some Stops.

The first interurban car out of Fort Wayne tomorrow morning at 6 o'clock is scheduled to leave the new terminal at Pearl and Harrison streets, and thereafter all cars will arrive and depart from the down town station, instead of Taylor street and Broadway, which has been the terminal since the line was opened six months ago. Work is being rushed forward rapidly toward the completion of the down town line. The wiremen brought the trolley down to Harrison street this morning. Tonight after the arrival of the last car from Huntington, a big force of men will remove the "Y" from Taylor street and transport it to Harrison street, where it will be installed in time to begin the service tomorrow.

In order to cover the increased distance down town and to reduce the running time between this city and Huntington, the Southwestern company will cut out quite a number of the farm-house stops through the country districts, and patrons of the line will then be obliged to go to road crossings to take the cars. When the line to Wabash is opened, still more of the stops will be discontinued, as the time card in contemplation between this city and Wabash provides for making the distance in slightly over two hours.

Mrs. Ida E. Lemon, who has been visiting at Richmond, returned home today.

PRODS CONGRESS

PRESIDENT SENDS IN CUBAN MESSAGE.

APPEALS FOR RECIPROCITY

EMPHASIZES OBLIGATIONS TO NEW REPUBLIC.

FUTURE TO BE CONSIDERED

CONGRESS URGED TO PASS TARIFF BILL.

Washington, June 13.—The president today sent the following message to congress:

To the Senate and House of Representatives: I deem it important before the adjournment of the present session of congress to call attention to the following expressions in the message which in the discharge of the duty imposed upon me by the constitution I sent to congress on the first Tuesday of December last.

Elsewhere I have discussed the question of reciprocity. In the case of Cuba, however, there are weighty reasons of morality and of national interest why the policy should be held to have a peculiar application, and I most earnestly ask your attention to the wisdom, indeed to the vital need, of providing for a substantial reduction in the tariff duties on Cuban imports into the United States. Cuba has in her constitution affirmed what we desired, that she should stand, in international matters, in closer and more friendly relations with us than with any other power; and we are bound by every consideration of honor and expediency to pass commercial measures in the interest of her material well being.

WHAT M'KINLEY URGED.

This recommendation was merely giving practical effect to President McKinley's words when, in his messages of December 5th, 1898, and December 5th, 1899, he wrote:

"It is important that our relations with this people (of Cuba) shall be of the most friendly character and our commercial relations close and reciprocal. * * * We have accepted a trust, the fulfillment of which calls for the sternest integrity of purpose and the exercise of the highest wisdom. The new Cuba yet to arise from the ashes of the past must needs be bound to us by ties of singular intimacy and strength if its enduring welfare is to be assured. * * * The greatest blessing which can come to Cuba is the restoration of her agricultural and industrial prosperity."

AN APPEAL FROM PALMA.

Yesterday, June 12, I received, by cable, from the American minister in Cuba, a most earnest appeal from President Palma for "legislative relief before it is too late and (his) country financially ruined."

The granting of reciprocity with Cuba is a proposition which stands entirely alone. The reasons for it far outweigh those for granting reciprocity with any other nation, and are entirely consistent with preserving intact the protective system under which this country has thriven so marvelously. The present tariff law was designed to promote the adoption of such a reciprocity treaty, and expressly provided for a reduction not to exceed 20 per cent upon goods coming from a particular country, leaving the tariff rates on the same articles unchanged as regards all other countries. Objection has been made to the granting of the reduction on the ground that the substantial benefit would not go to the agricultural producer of sugar, but would inure to the American sugar refiners. In my judgment provision can and should, be made which will guarantee us against this possibility, without having recourse to a measure of doubtful policy, such as a bounty in the form of a rebate.

NOT A MATTER OF SCHEDULES.

The question as to which if any of the different schedules of the tariff ought most properly to be revised does not enter into this matter in any way or shape. We are concerned with getting a friendly reciprocal arrangement with Cuba. This arrangement applies to all the articles that Cuba grows or produces. It is not in our power to determine what these articles shall be; and any discussion of the tariff as it affects special schedules, or countries other than Cuba, is wholly aside from the subject matter to which I call your attention.

Some of our citizens oppose the lowering of the tariff on Cuban products, just as three years ago they opposed the admission of the Hawaiian islands, lest free trade with them might ruin certain of our interests here. In the actual event their fears proved baseless as regards Hawaii, and their apprehensions as to the damage to any industry of our own because of the proposed measure of reciprocity with Cuba seem to me equally baseless. In my judgment no American industry will be hurt, and many American industries will be benefited by the proposed action. It is to our advantage as a nation that the growing Cuban market should be controlled by American producers.

MUST LOOK TO THE FUTURE.

The events following the war with Spain and the prospective building of the isthmian canal render it certain that we must take in the future a far greater interest than hitherto in what happens throughout the West Indies. Central America and the adjacent coasts and waters. We expect Cuba to treat us on an exceptional footing politically, and we should put her in the same exceptional position economically. The proposed action is in line with the course we have pursued as regards all the islands with which we have been brought into relations of varying intimacy by the Spanish war. Porto Rico and Hawaii have been included within our tariff lines, to their great benefit as well as ours, and without any of the feared detriment to our own industries. The Philippines, which stand in a different relation, have been granted substantial tariff concessions.

DUTY TO CUBA.

Cuba is an independent republic, but a republic which has a certain special obligation as regards her international position in compliance with our request. I ask for her certain special economic concessions in return; these economic concessions to benefit us as well as her. There are few brighter pages in American history than the page which tells of our dealings with Cuba during the past four years. On her behalf we waged war, of which the mainspring was generous indignation against oppression; and we have kept faith absolutely. It is earnestly to be hoped that we will complete in the same spirit the record so well begun, and show in our dealings with Cuba that steady continuity of policy which it is essential for our nation to establish in foreign affairs if we desire to play well our part as a world-power.

We are a wealthy and powerful nation; Cuba is a young republic, still weak, who owes to us her birth, whose whole future, whose very life, must depend on our attitude towards her.

A FERVID APPEAL.

I ask that we help her as she struggles upwards along the painful and difficult road of self-governing independence. I ask this aid for her, because she is weak, because she needs it, because we have already aided her. I ask that open-handed help, of a kind which a self-respecting people can accept, be given to Cuba, for the very reason that we have given her such help in the past. Our soldiers fought to give her freedom, and for three years our representatives, civil and military, have toiled unceasingly, facing disease of a peculiarly sinister and fatal type with patient and uncomplaining fortitude, to teach her how to use aright her new freedom. Never in history has any alien country been thus administered, with such high integrity of purpose, such wise judgment and such a single-handed devotion to the country's interests. Now I ask that the Cubans be given all possible chance to use to the best advantage the freedom of which Americans have such right to be proud, and for which so many American lives have been sacrificed.

NAMED TICKET IN ST. JOE.

Republicans of St. Joseph township held their convention Thursday, nominating the following ticket: For justice of the peace, Hale Ashley; for constable, Eugene Sovine; for road supervisors, (1) Thomas Longley, (2) Forrest Cronkett, (3) Peter Lohmeyer, (4) Louis Roesalot; for advisory board, Jacob Christwell, Samuel Davis and John H. Meyers.

DEALS WITH LIFE PROBLEM.

"Rasselas, a Prince of Abyssinia," the strange story by Samuel Johnson, will be the theme of Rev. Asher S. Preston at Wayne Street Methodist Episcopal church next Sunday evening. The story deals in a fascinating way with one of life's great problems—the attainment of happiness.

HE WILL NOT RUN

ATTORNEY HEATON WILL REFUSE JUDGSHIP.

DISARRANGES THE SLATES

INFORMS MANAGERS OF HIS DETERMINATION.

ELECTION OF DELEGATES

STATE CHAIRMAN GOODRICH TO BE HERE TOMORROW.

Attorney Owen N. Heaton, whose nomination for superior judge upon the republican ticket has been universally regarded as a foregone conclusion for many weeks, today informed his friends that under no circumstances could he consent to make the race.

Mr. Heaton has at no time been a candidate for the place, but he has been regarded by republicans as a most desirable candidate, and in view of his previous campaign for the place the nomination tomorrow was practically a foregone conclusion. Mr. Heaton's announcement today has served to disarrange the political slates considerably. To The Sentinel today Mr. Heaton said:

"I appreciate sincerely the kindness of my friends, and do not underestimate the honor and the confidence implied in the mention of my name as a candidate for judge of the superior court, but my professional practice demands my entire attention. I am not a candidate and I would be compelled to decline the nomination were it tendered me."

The political prophets are busily engaged in outlining plans for tomorrow's convention, which will be called to order at 10 o'clock in Saengerbund hall, and there is occasional mention of new candidates for some of the places. Today E. F. Yarnelle is being considered in connection with the state senatorship. Others are urging E. W. Cook to permit his name to be presented for treasurer, but Mr. Cook is meeting these requests with a firm declination. Col. A. T. Lukens is similarly averse to the mention of his name as a candidate for commissioner.

JUDGE TAYLOR EXPECTED.

Judge Robert S. Taylor is engaged in professional duties in the Chicago courts, but he is expected to arrive in the city at 8 o'clock this evening, and will preside at the convention tomorrow. There was a rumor afloat to the effect that W. E. Doud also desired the place as chairman, but Mr. Doud stated this morning that there was absolutely no truth in the rumor, and that as Judge Taylor would undoubtedly be present, he would under no circumstances permit the use of his name as a candidate for chairman.

DELEGATES ARE NAMED.

The Fort Wayne delegates to the republican county convention, selected at the various ward caucuses last evening, are as follows:

—First Ward.—

George S. Miller, Charles Buck, James Liggett, Joel Welty, Harman Tapp, Andrew Archer, Cal Raimon, Mart. Connett, Charles Beaver, Dr. John Hetrick, Robert Anderson, T. J. STATE CHAIRMAN COMING.

Indianapolis, Ind., June 13.—(Special.)—Chairman J. P. Goodrich, of the republican state central committee; Daniel Storms, of Lafayette, candidate for secretary of state, and Charles W. Miller, of Goshen, candidate for attorney general, left the city this afternoon for Fort Wayne to attend the Allen county republican convention tomorrow.

CHARGED WITH FOUL CRIME.

Sheriff Hathaway, of Auburn, passed through the city this afternoon having in charge Joseph A. Wood, of Garrett, who was arrested this morning at Kokomo on a charge of incest. The prosecuting witness is a step-daughter of the prisoner and is about 16 years of age. Wood left Garrett some time last April and was located only a short time ago. On the way from Kokomo to this city he made many damaging admissions to Sheriff Hathaway.

KICKED BY A HORSE.

John Hensinger, a farmer residing in Cedar Creek township, was painfully injured in a feedyard on Calhoun street, opposite the county jail, at 9 o'clock this morning. A vicious horse kicked Mr. Hensinger, the animal's shoe cutting a gash in Mr. Hensinger's left leg extending nearly the full distance from the hip to the knee. The wound bled copiously and was very painful, but is not believed to be dangerous.

George Studer will return from Wabash college at Crawfordsville tomorrow to spend his vacation with his parents.

H. G. Wilcox and wife, of Garrett, are in the city the guests of County Recorder and Mrs. Gillett.

GIRLS DIE IN FIRE

PHILADELPHIA FURNISHES A FRESH HORROR.

MILL BLAZE CAUSES PANIC

EIGHT LIVES BELIEVED TO HAVE BEEN LOST.

TWENTY PERSONS INJURED

MOST OF THEM HURT JUMPING FROM WINDOWS.

Philadelphia, June 13.—According to reports of the police eight and perhaps more girls lost their lives in a fire that broke out this afternoon in the mill of H. M. Rosenblatt & Co., manufacturers of leather goods, Second and Oxford streets.

Three bodies were taken from the ruins of the building at 3:15 o'clock. The firemen now state that at least a dozen persons perished in the flames.

The plant was destroyed, as were several adjoining properties, including the Third Reformed Presbyterian church.

A number of employes in the Rosenblatt factory were forced to jump from the windows. Half a dozen girls were taken to a hospital seriously injured.

The police report that eight bodies are in the ruins of the Rosenblatt building. Over twenty persons are reported injured, as a result of jumping from the windows and by falling walls.

As nearly as can be learned the fire started in the celluloid department of the leather works. Within ten minutes the entire plant was ablaze. The fire escapes proved inadequate to afford exit to the employes working within.

There were 300 girls at work when the fire was discovered and immediately a stampede was made for the fire escapes. Many were knocked down and trampled upon and others, on reaching the fire escape, despite the shouts of the people in the streets, plunged to the pavement. The girls remaining on the fire escape were carried in safety to the street by the firemen.

Eight girls are missing and it is believed they were trampled upon in the stampede and were unable to reach the fire escape.

OFFICER DICKSON IS SUED

WILLIAM SHONDELL WANTS $3,000 DAMAGES.

Was Shot in the Foot by the Policeman While a Fugitive from Arrest Last April.

Police Officer Robert G. Dickson was this morning made the defendant in a damage suit for $3,000, in which William J. Shondell is the plaintiff, and the damage is alleged to have been inflicted on the 30th day of last April, when the defendant shot the plaintiff in the foot while the latter was running away from the officer on Bauer avenue to escape arrest.

The complaint, which was drawn by George W. Louttit, is in three paragraphs, the first of which charges that Officer Dickson, on the 30th of April, wrongfully and unlawfully shot the said Shondell in the foot, causing him great bodily pain and mental anguish, besides preventing him from following his usual avocation, that of coachman, and damaging him to the extent of $3,000.

The second paragraph differs from the first in that it says that the officer had no warrant for his arrest and that the plaintiff had been guilty of no crime or misdemeanor, and that the services of a physician and surgeon were required to care for the plaintiff, and that it would be months before he would be able to resume his duties as a coachman.

The third paragraph simply adds in the recitation the fact that the plaintiff was standing on a porch on Bauer avenue when accosted by the defendant, and that there being no warrant and the plaintiff being guilty of no crime or misdemeanor, had started to peaceably run away from said officer when he was fired upon and wounded, as described in the first paragraph.

Officer Dickson retained Gilbert, Bergdoll & Wood as representing his interests.

The Kirby will case is still on trial in the circuit court.

FACTORY SITE FUND RAISED

SUBSCRIPTIONS OF $20,000 ARE REPORTED.

Improvement Company Will Organize Monday—The Commercial Club's Meeting.

The most notable incident of the meeting of the Commercial club Thursday evening was the report of W. F. Graeter, chairman of the special committee, to the effect that the fund of $20,000 for the purchase of sixty acres of land from the Rockhill and Swinney farms southwest of the city, had been subscribed, the last $100 having been secured but a few minutes before. The club voted its thanks to the soliciting committee for its tireless energy, and authorized the calling of a meeting of those who had subscribed to the stock to be held at the Commercial club rooms Monday afternoon at 4 o'clock. At this meeting the Commercial Improvement company will be formally organized. A portion of the tract will be platted into lots and sold, while the remainder is to be donated for factory sites.

In this connection it was noted that three or four industries, employing an aggregate of many hundreds of men, are awaiting propositions from the city for sites, and there is now every reason to believe the Commercial club will succeed in locating several of them in Fort Wayne.

Aside from these matters the session of the club last evening was devoted largely to routine matters. The annual election of directors of the Commercial club will be held July 14, and the regular nominees for the ten places on the directorate are C. E. Bond, Henry Beadell, F. V. Culbertson, S. M. Foster, J. B. Franke, I. Lehman, F. A. Randall, F. L. Smock, Louis Diether and F. S. Hunting.

Messrs. H. W. LeSage TenBroek, G. W. Beers, C. B. Lane, M. W. Fitch and C. W. Orr, a committee appointed to select an opposition ticket, reported the following: F. L. Jones, J. B. Monning, E. W. Cook, W. G. Burns, Robert W. T. DeWald, Louis Fox, Charles Falk, Henry R. Freeman, C. B. Fitch and C. W. Orr.

WILL ISSUE CLASS MONTHLY.

The class of '03 of the high school has decided to issue a class monthly instead of an annual, and "Eniauton" of 1903 will probably be the last of its kind, at least for several years. The publishing of an annual entails much work and expense and it is thought that a small monthly will answer the purpose better. The editorial staff of the magazine, to be issued beginning next October, is as follows: Geary Knight, editor in chief; Edward Lukens, business manager; Charles Felts, assistant business manager; Miss Jessamine Bailey, society work; Paul Preston, sporting editor; Miss Elizabeth Williams, literary editress; Willard Thomas, in charge of the "grinds;" Harry McCormick, in charge of exchanges and circulation; Miss Florida Banning, in charge of illustrations.

FORT WAYNE VS. GOSHEN.

The Fort Wayne and Goshen high school teams will play at League park tomorrow afternoon, the game being called at 2 o'clock. The Goshen team arrived in the city this morning and attended the field sports of the high school at the Driving park this afternoon. Goshen has one of the best high school teams in the northern part of the state, and tomorrow's game promises to be very interesting. The teams will line up as follows:

Fort Wayne	Position	Goshen
C. Lopshire	1b	Minich
McCormick	2b	R. Kelley
Sterling	3b	L. Kelley
Thorward	ss	Donivan
Wilt	lf	Cornell
Tennant	cf	Goldstine
Bash	rf	Cornell
R. Lopshire	p	Bolton
Leach	c	Wilt

Tomorrow will be the great Wave Crest Tooth Powder sale. Twenty-five cents buys choice of any package. Each package contains a beautiful present. Many of these premiums are valuable and alone retail from $1 to $5 each, at Pellens & Polster's drug store.

MOTHERS.

We are still selling the boys' 10c black hose. Don't pay some other store 25c for one not as good.

REUBEN S. PATTERSON.

The members of the west side of the Berry street M. E. Sunday school, and also members of the Cradle Roll, will give an ice cream social tonight at the church, corner of Berry and Harrison streets. Everybody invited.

LEFT FOR BOSTON TODAY.

Police Captain Frank H. Whitney and former captain William Borgman left this morning for Boston and other eastern points, to be absent about ten days. Capt. Whitney will visit his former home in the east, and at the same time will pick up some pointers from police departments in the larger eastern cities. Capt. Borgman goes to look after trucking matters in that section.

Charles H. Miller, of Colorado, and Edward C. Miller, of Grand Rapids, formerly residents of this city, are in town completing the sale of the old Miller home on Wilt street, which has been sold to Mrs. Eliza A. Templar through the agency of W. E. Doud.

GONE FIVE YEARS.

When Coffee Left the Troubles Disappeared.

It is hard to make people understand that coffee really will do business for them if they stick to it long enough. It is almost a certainty that some little symptom of disease, stomach trouble or kidney or heart trouble, caused by coffee drinking will ultimately develop into some fixed organic disease unless the cause of the disturbance is removed. An illustration may not be amiss.

A lady in Kearney, Neb., says, "I used coffee a great many years. Gradually my health broke down. I had dyspepsia and was extremely nervous. I passed many sleepless nights and, like many others, did not know what was the cause of my invalidism.

Finally the trouble centered into a fatty tumor just over the stomach and in the region of the heart, causing acute pain in the stomach and a spasmodic action of the heart. A surgical operation was deemed necessary, but after all the preparations were made a good, old, honest doctor suggested that I take treatment a little longer and leave off coffee and take Postum and some Grape-Nuts Breakfast Food.

I began on Postum and had it made properly by long boiling and found it delicious and drank two cups the first morning. After two weeks I discovered a marked change for the better. In five months my supposed tumor had disappeared, my headaches were gone and digestion wholly restored. My heart only gave me trouble a few times. That was five years ago. I have been a steady user of Postum ever since and am a new creature today. Am in strong and vigorous health and know exactly how to account for it.

The ignorance of people on the subject of coffee is a constant wonder to me, although, at one time, of course, I was just as much in the dark as any one could be, going along year after year putting into my body the poison that was killing me and never knowing it." Name given by Postum Co., Battle Creek, Mich.

Pennsylvania is a large state, but then the Quay pocket is capacious and ample to contain it.

Thurber, president of the exporters' association, who admitted he had received $20,000 from the public funds of Cuba to carry on the trade reciprocity propaganda in the United States, declares there was nothing wrong in the transaction. Maybe so. But that does not subtract any quality of the unique from the spectacle of one branch of this government authorizing the expenditure of money to influence legislation.

It is to be hoped the republicans of Allen county will nominate a clean, strong ticket in tomorrow's convention. The large democratic majority in this county does not give a roseate hue to the republican prospect and the inducement to the busy, active man of affairs to engage himself with the labors of a hostless campaign is not strong. Nevertheless a proper sense of civic duty should actuate the party as a proper sense of the obligations of citizenship should actuate the republican voter to labor for the nomination of good men for office. Such a course has moral effect on all political activities and has its admiral result though the effort holds out no prospect of reward of office.

When strikers or strike sympathizers run afoul of bayonets the finish of the fight is written plainly. This is quite certain to prove true in the case of the Rhode Island traction strikes. No factor operates so disastrously to a just wage dispute as violence, a fact that all intelligent labor leaders thoroughly understand and appreciate. The most potent element in support of a just cause of strike is public sympathy and it very frequently forces obdurate employers to submit to arbitration or other means of impartial settlement. But violence alienates public sympathy and provokes the employment of force. Just now the leaders of the mineworkers are having this situation to deal with and it presents a serious problem. If the Pennsylvania militia is called to the mines there will be not only the loss of a just cause, but worse.

That any saloon in Allen county retails liquor without a license is the fault of the prosecuting attorney. He is the final recourse for employing the machinery of the law to have the license regulations obeyed in all cases. When the commissioners issue a permit for the taking out of a license the licensee must file his permit with the county auditor, who receives a $5 fee. To get the license the applicant must pay to the county treasurer $100 and the treasurer's receipt is the auditor's warrant for then issuing the license. Many applicants go no farther than the auditor's office, omitting to pay the fee and depending on the prosecuting attorney not to begin proceedings against him for selling liquor without license. The prosecutor is furnished a list of licenses granted by the commissioners and he is able at cost of small trouble always to inform himself whether any man selling liquor has complied with the law by paying $100 and receiving his license. It is the prosecutor's duty to know who is violating the law and to prosecute those who have not taken out license. This is the sum of the matter. If any man retails liquor in Allen county without license it is because the prosecuting attorney permits it.

Miss Mamie Hushour and Miss Maud Haskell entertained a company of friends in a most delightful manner last evening, as a surprise for Miss Mabel Greenick.

BACK SALARY IS PAID JUDGE

POLICE MAGISTRATE DRAWS ON THE CITY.

Little Doing in the Municipal Tribunal—Lakeside Man Tried for Profanity.

It was not until it became known that Judge Dreibelbiss had yesterday pocketed a check for $595.20, salary due the police judge from May 9, 1901, to March 31, 1902, that his unusually beneficent mood this morning was fully accounted for. A close search by the entire detective force of the city, however, failed to reveal any clue to a possible sequestered box of cigars.

James White was the name given by a very long-legged looking young fellow, who was arrested for train-climbing. He pleaded guilty to the charge and said that he was trying to get to Rome City, where his grandparents live. He said he is fifteen years old and is an orphan, and, moreover, he did not know that it was against the law to ride on a train if the train would stand for it. Young White is quite large for his age, but has a very youthful as well as unsophisticated appearance. The judge asked him whether he thought he could get out of town within an hour, if allowed to go, without climbing another train, to which question the young man replied in the affirmative with great earnestness. He was allowed to go.

PROFANITY IS CHARGED.

Andrew Hofer was arrested on the affidavit of Humane Officer Schlaudroff, charging profanity. Hofer lives in Lakeside and has been much complained of by neighbors, who say that he is much given to profanity of a very offensive and shocking brand. He has been frequently warned, but neighbors said that they were reluctant to institute criminal proceedings, and after relating the circumstances to Officer Schlaudroff, asked him to remedy the matter if possible. The officer accordingly filed the affidavit, but owing to the early hour at which police court is held, the witnesses were unable to be present with one exception, that of a little girl, who gave her testimony with much hesitation and considerable trepidation. She evidently did not know whether she was on trial or Mr. Hofer, but she gave her testimony with evident sincerity, and it was plenty. The judge, however, decided to continue the case until tomorrow morning and ordered all the witnesses to be brought in. The defendant was allowed to go on his own recognizance.

POLICCE NOTES.

The officer on the beat reported that lightning last night struck the street lamp at the corner of Thomas and Buchanan streets and permanently put it out of business.

Mrs. Mary Kendal, of Wells street, reports that she had her cow staked out on the base ball grounds, and that somebody stole the chain by which the animal was restrained. The cow came back, but the chain is still a missing quantity.

The city electrician was last night called to the residence of Mrs. O. P. Morgan, where the lightning had played sad havoc with the household electric lighting arrangement. The lights were turned off until the damage can be repaired.

Frequent disturbances in the Harrington block are again being reported to the police department. The superintendent of police says that unless the block can be kept orderly by the inmates drastic treatment of the locality will have to be resorted to.

A man whose name is unknown, about 30 years of age, five feet, nine inches tall, weight about 165 pounds, complexion dark, smooth shaven, wearing a brown coat square cut in front, blue overalls, light shirt and soft black hat, is wanted by the Kokomo police for the murder of a policeman at that place several months ago. He is a tramp tailor and is supposed to be the same man who shot a Panhandle officer at Winamac a week or two ago, and is supposed to hail from Fort Wayne, or to be well known here.

If you want to pay 50c for a soft shirt, we can show you the largest and best line in the city. If you want to pay $1.00, we are the leaders. If you want to pay $1.50, $2.00, $3.00 or $4.00, there is no other place to go.

DROPPED DEAD AT RICHMOND

GEORGE JONES, AN OLD-TIME FORT WAYNE PRINTER.

Mrs. Clementine Parnin Dead—Charles Eckart Succumbs—Other Mortuary Matters.

George Jones, formerly a well known resident of this city, and one of the old-time Fort Wayne printers, dropped dead at his home in Richmond this morning. Only very meagre particulars of his death were received by friends in this city. He was about 57 years of age.

Mr. Jones will be well remembered by many of the older residents of Fort Wayne. Before the outbreak of the civil war Mr. Jones learned the printer's trade in the office of Dawson's Daily Times and Union, then published upon the present site of the Hamilton bank. In January, 1862, he resigned his position to enter the army, and enlisted in the Twelfth Indiana infantry, serving with distinction through three years of war.

Returning after the close of the war Mr. Jones was employed at various printing offices about the city, and from about 1880 to 1885 he was foreman of the Gazette composing rooms. The deceased and Capt. E. B. Smith were close friends from boyhood, and Mr. Smith succeeded him in the office of the Times and Union when Jones entered the military service. Mr. Jones leaves a widow and several children. Ed Jones, of this city, an engineer on the Grand Rapids and Indiana railroad, is a brother.

PARNIN.

Mrs. Clementine Parnin, widow of the late August Parnin, and a member of one of the early and most respected French families in the city, died at 5 o'clock Thursday afternoon at her home, 628 East Wayne street. Mrs. Parnin's age was 62 years, 9 months and 21 days, and death was due to Bright's disease. Her husband was for many years connected with the hardware house of Morgan & Beach, but later retired to his farm and resided there until his death.

Mrs. Parnin was a native of France, born August 20, 1839, and came to America in 1854. She was widely known and highly esteemed, her exemplary Christian life and admirable nature drawing about her a very large circle of friends. She was a devoted member of the Rosary and the Sacred Heart societies of the Cathedral. Surviving are eight children—the Misses Emma, Celeste, and Augustine Parnin, Mrs. Joseph Taylor, Mrs. Harry Miller and John and Louis Parnin. There are seven grandchildren. Other relatives include a brother and a sister, Frank and Miss Mary Chauvey.

Funeral services will be held Monday morning at 8:30 from the residence and at 9 o'clock from the Cathedral.

ECKART.

Charles Joseph Eckart, one of the younger members of the Fort Wayne bar and two years ago the nominee for prosecuting attorney upon the socialist ticket, died at 12:30 o'clock this morning at the home of his grandmother, Mrs. Maria Watson, 677 Madison street.

Mr. Eckart was 26 years of age, and death was due to pneumonia. He had been in failing health for several months, but his condition was not regarded as serious until very recently. The young man was the son of Mr. and Mrs. William Eckart, of Brooklyn avenue, and the remains were removed to their home this morning.

WADE.

Elsie M. Wade, daughter of Mr. and Mrs. William Wade, died at 4:15 o'clock this morning at the family home, 28 Mary street, from septicaemia, at the age of 14 years.

The funeral services will be held Sunday afternoon from the residence, and the interment will occur at the Wesley Chapel cemetery, west of Roanoke.

FUNERAL ANNOUNCEMENTS.

Reid.—Funeral services of Mrs. Josephine C. Reid will be held Saturday morning at 8:15 from the residence, Romy and Parnell avenue, and at 9 o'clock from the Cathedral.

LOCAL LINES.

Mrs. John B. Gardner, of 1118 Rivermet avenue, charmingly entertained a party of little folks Wednesday evening for her little son, Harold, it being his fourth birthday anniversary. Mrs. Gardner was assisted in entertaining by Mrs. E. Hartwell and Mrs. Ivon Tolan. Various games were enjoyed, and later the little people sat down to a large table artistically decorated with carnations and ferns. Every delicacy pleasing to children was served to the delight of all. Later Mrs. Gardner invited a few young ladies and gentlemen in to spend the evening, which passed in a very enjoyable manner.

ABOUT THE CITY HALL.

The board of works were in regular session last evening and confirmed improvement resolutions as published in last evening's Sentinel. It was expected that there would be a vigorous kick against the opening of Alliger street from Winter street to Walton avenue, but the remonstrators did not materialize. Other business was of a purely routine character.

One of the new compressors for the water works department was shipped from the Cincinnati manufactory on Wednesday and is expected to arrive here today. The big Holly pump, however, is another matter.

A new case of scarlet fever has been reported from 328 John street, wherever that is, according to the report on file at the city health office. For the information of the health office it might be stated that such a number as 328 John street is an impossibility.

Joseph Sommers has been granted a permit to erect a building on Huffman street at a cost of $800 and William F. Wolke will remodel a house on Miner street at a cost of $300.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my8-eod-w

FUNNY—

Isn't it? That no one ever thought before of making a really good ginger snap, keeping it fresh in an airtight package and selling it for 5 cents?

But then; everybody can't have great ideas and they couldn't carry them out if they did.

Zu Zu Ginger Snaps are the result of an inspiration perfectly developed—and carried out.

The best ginger snap you ever tasted—in an airtight package—price 5 cents.

LAST WEEK'S BUSINESS

Was double that of the week before. And last week's business was four times as great as the business for the corresponding week of last year. This is prosperity--satisfactory prosperity, to which there is a moral. If folks who have traded here in the past year had not been satisfied our business would not have grown so rapidly. It's the people who trade here to-day who will increase our business in the future. This store is yet in its infancy, and is more anxious to increase its list of patrons than to swell its bank account.

CHARLES H. WORDEN CHOSEN

NEW VICE PRESIDENT FOR FIRST NATIONAL BANK.

Directors Held Meeting Late Thursday Afternoon—Is One of the New Stockholders.

Charles H. Worden, of the law firm of Zollars, Worden & Zollars, has been elected vice president of the First National bank. The selection of Mr. Worden was made by the board of directors at a meeting held at the bank's office Thursday afternoon at 3:30 o'clock.

Mr. Worden is one of the newer stockholders who recently became identified with the bank, and he was one of the number frequently mentioned for the place during the arrangements for reorganization which was accomplished on Saturday last.

The office of vice president had been vacant since early in the present year.

It is said that Mr. Worden will retire altogether from the practice of law and devote his entire time to the affairs of the First National. Mr. Worden is at Winona today and could not be interviewed in the matter. Judge Zollars, the head of the law firm of Zollars, Worden & Zollars, is in Chicago, but the junior partner, F. E. Zollars, stated to The Sentinel today that so far as he was aware Mr. Worden had made no definite announcement of his intention with reference to his connection with the firm.

COUNTY CHAIRMEN IN TOWN

REPUBLICAN LEADERS HOLD A CONFERENCE.

With District Chairman Leonard They Discuss Plan for Twelfth District Campaign.

Republican county chairmen from the several counties in the Twelfth district are gathered at the office of District Chairman Elmer Leonard in this city this afternoon to discuss plans for the coming campaign.

Those present include Chairman Hays, of Noble; Chairman Jackman, of DeKalb; Chairman Gates, of Whitley; Chairman Smith, of Lagrange, and Chairman Harris, of Allen. The representative from Steuben was not in attendance.

The conference was called to order at 1:30 o'clock this afternoon. District Chairman Leonard said the purpose of the meeting was simply the discussion of various matters in connection with the political situation in the several counties, and that nothing could be given out for publication.

Cornelius Tryon, of Kendallville, is dead.

Mr. and Mrs. Detwiler, of Elkhart, will go to India as missionaries.

DeKalb county farmers will devote some attention to sugar beet raising this season.

Rev. J. E. Powell, of the Wabash Christian church, will see the coronation of King Edward.

Henry Fritzen, of South Bend, 71 years of age, has sworn off smoking after using tobacco more than fifty years.

William Kaser, 26 years of age, was drowned while bathing in the river at South Bend Wednesday evening.

Elkhart county commissioners wouldn't permit the use of the court house lawn at Goshen for a Fourth of July celebration.

Dr. C. H. Kiracofe has resigned the presidency of Central college at Huntington, and is succeeded by Prof. J. H. McMurray.

Valentine Conner, of Bluffton, was standing in the doorway of his barn when a stray bullet fired by some reckless handler of the gun, pierced Mr. Connor's hat.

Republicans of Noble county have nominated John M. Schermerhorn for representative; John L. Henry for auditor; William E. Worden for treasurer; William F. Metz for sheriff, and Fred B. Moore for surveyor.

Lawrence Hart, of Wawaka, employed as a section hand on the Lake Shore railroad, was making a trip to Ligonier on a hand car with several companions. Hart's hat blew off and in reaching for it Hart fell from the car, which passed over his body. He was so badly injured that death resulted.

Mrs. Fred Chupp, of Lagrange county, didn't make the coffee strong enough to suit her husband, so he knocked her down and hit her in the face. Chupp is now in jail at Lagrange, with excellent prospects of remaining locked up until the September term of court. Chupp has been in jail six times on charges of chicken-stealing, house-breaking, trespass and assault.

In the pulpit of the Evangelical church, at Elkhart Sunday, Rev. Mosier, pastor of the Watch Tower congregation, preached a special sermon on matrimony. He proclaimed that under the law no man should be permitted to wed until he is thirty years old, and that all women should be barred from being brides until they are twenty-five years of age. In addition to the age limit, Rev. Mosier would have all applicants for marriage licenses submit to a thorough medical examination, to prove their good physical condition.

BOARD ORGANIZES.

The school board met last evening and organized with the following officers: President, Allen Hamilton; secretary, Eugene B. Smith; treasurer, W. W. Rockhill. A number of routine matters were disposed of at the meeting.

VICTOR CROUSER DEAD.

Friends in Fort Wayne have just been advised of the death of Victor Crouser, a former resident of Fort Wayne, which occurred May 14 at his home in Toledo. Mr. Crouser was 78 years of age, and years ago was connected with a number of commission houses in this city. Later he moved to Toledo, where he engaged in business. Mr. Crouser also resided at one time in Columbia City, where he was well known, but spent much of his time traveling in Europe, and upon one of these trips, twenty years ago, his wife died. Mr. Crouser was a man of careful habits and excellent business ability, and had acquired a comfortable fortune, the bulk of which, it is learned, was left to his two daughters, Mrs. A. L. Dodane, of Wells street, and Mrs. Henry Freistroffer, of East Jefferson street. Neither of these ladies had been advised of the death of their father until last evening, and they were much pained by the distressing news.

THE MARKETS.

Chicago, June 13.—Bullish sentiment predominated in grains at the opening. July wheat started ½@⅝c to ⅝@¾c up at 72⅝c to 72¾c on higher cables and general and somewhat heavy rains in the southwest. There was a fair early demand, especially from shorts who were fearful over the possibilities of wet harvests. July easily topped 73c, but news from the harvest fields of Kansas saying the rains had done little damage restored the hopes of the bears somewhat. Profit-taking eased the demand and July swung back to 72⅝c and steadied. Local receipts were 17 cars, 1 of contract grade. Minneapolis and Duluth reported 228 cars, making a total for the three points of 245 cars, against 260 last week and 341 a year ago. Argentine shipments were bullishly small at 304,000 bushels, compared to 624,000 bushels a year ago.

There was practically no pressure in the wheat pit later. A good demand sprung up for December which ruled strongest of the options. The cash demand improved and twenty-two loads were worked for France, the first in a long time. With these influences to abet the wet weather July closed firm, ½@⅝c higher at 72⅝c.

July closed barely steady, a shade lower, at 63⅛@63¼c.

The fear of too much water in the corn belt started covering and a fair commission house demand in corn at the opening. July started unchanged to ⅛c higher at 63¼c to 63⅜c and on the wheat influence and light country offerings advanced to 63½c. The crowd was nervous over the possibility of the much-talked of "deal" in July options. Receipts were 243 cars.

Oats opened very strong and nervous. The good cash demand and the premium cash stuff is bringing over July, together with the fear of manipulation of the new July stuff started July ⅛c to ¼c higher at 40c to 40¼c. Commission houses had numerous buying orders, the wet weather was reported far from being beneficial to the growing oats and as there was no selling pressure July advanced to 40½c, 40¾c and held strong. Receipts were only 132 cars.

Provisions were very dull, so much so that in spite of a higher hog market July pork had no quotation the first hour. Trade say that the manipulation by packers during the last two weeks that has sent prices up 80c in pork has killed off much of the trade. There was some small purchases of lard at slightly advanced figures, but the pit was well nigh dead. September pork opened 5c up at $17.75, advanced 5c and then dropped back to its first figure. July lard opened unchanged at $10.30 and sold between $10.02½ and $10.27½. July ribs sold 5c higher at $10.50.

THE CLOSE.

Prices at the close were as follows:

Wheat—June, 73c; July, 72⅝@c; Sept., 70⅞@71c; Dec., 73⅛@73¼c.

Kodol Digests what you Eat

Dyspepsia Cure

The medical profession is one of the most conservative in the world. It is well that it should be so. We want no experimenting with our lives or health. The physician is naturally and justifiably careful to prescribe no remedy until well satisfied of its merits. So it is no small testimonial to the worth of Kodol Dyspepsia Cure that it is coming into general use among physicians of all classes. They appreciate even more readily than the layman that it gives weak stomachs just the rest they need and are prescribing it freely with wonderfully successful results. Nodieting is necessary. Eat all you want. While you are resting the stomach and toning and building the body with wholesome food Kodol Dyspepsia Cure is restoring the stomach to perfect health by relieving it of its work. Don't be satisfied with merely temporary relief when this remedy offers a complete cure. "I have used in my practice quite a lot of Kodol Dyspepsia Cure with no failures but relief in almost all cases," writes Dr. W. L. Wallace of Kingstree, S. C. "After an active practice of forty-five years this is the first time I have ever had occasion to publicly advise all dyspeptics that they have a certain remedy in Kodol Dyspepsia Cure."

PITTSBURG FLYER

WILL PASS FORT WAYNE 5:19 A. M. AND 3:20 P. M.

TWENTY-TWO TRAINS DAILY

THE PENNSYLVANIA SCHEDULE AFTER SUNDAY.

DEATH OF AN OLD SHOPMAN

ELLISON T. CAMPBELL PASSES AWAY AT ALTOMA.

The Pennsylvania company is today distributing time cards which include the schedule of the fast trains to be put into service next Sunday. Other than the addition of these trains, there is no change in the time card. The new eastbound fast train will be number 28 and it will arrive here at 3:20 and leave at 3:23 in the afternoons, and the new westbound fast train will be numbered 29 and will arrive here at 5:19 and leave at 5:22 in the mornings, allowing three minutes for exchanging engines and inspecting trains. When this time card goes into effect the Pennsylvania company will have in regular service in and out of Fort Wayne twenty passenger trains. And if we take into account the second sections, which have been a regular thing for several months on account of heavy travel, the number will be, over that road alone, twenty-two or more daily. Adding to this number the eight trains now running in and out of that station over the Grand Rapids and Indiana road, and it brings the total up to thirty. One week from next Sunday the Grand Rapids will increase its trains by four, making twelve in and out of this city and the total number to be handled at the Pennsylvania station thirty-four. If the arrival and departure of these trains were to be arranged so that the intervals between them would be equal, it would make them less than three-quarters of an hour apart. In other words, there would be a train at the depot every forty-seconndth minute. The demand for berths on the fast trains has been beyond the expectations of the passenger department and it was stated by a Chicago paper yesterday that every berth for the first two days of the service has been engaged.

ELLISON CAMPBELL DEAD.

D. M. Preble, who has charge of the elevator at the Fort Wayne Electric works, has returned from Altoona, Ind., where he attended the funeral of Ellison T. Campbell, yesterday. The deceased died last Tuesday afternoon at 3 o'clock, after a long illness with paralysis. He was 94 years old and leaves a wife and two children, a son and daughter, both grown. Mr. Campbell served in the Nineteenth Indiana regiment during the war of 1861-65, and he was a member of Sion S. Bass post, of this city. He came to this city about sixteen years ago and for twelve years was employed at the Electric works, a good portion of that time as attendant at the elevator. Failing health induced him to retire from that position about two years ago and he went to his old home in DeKalb county, where he remained until his death. On account of the location of Altona and the lack of railway facilities, Sion S. Bass post was not notified of the death of their brother until after the funeral.

STEAM TO BE DISCARDED.

New York, June 13.—In connection with the acquisition of the Stanley Electrical Manufacturing company's plant at Pittsfield, Mass., by William C. Whitney and his associates, the Tribune says, there is, back of the purchase, a purpose to extend the works, with the aid of Ganz & Co., of Budapest, one of the largest electrical concerns in Europe, for the purpose of converting steam railroads in this country into electrical roads. The substitution of electricity for steam on American lines is not, according to the Tribune, expected to be entered upon at once, but for the immediate future the increased plant at Pittsfield is to supply the demands of the street railways in New York, Philadelphia, Northern New Jersey and in Connecticut for electrical supplies. Later, wherever there is a congestion of traffic on the steam roads in the east, it is believed there will be a displacement of the locomotive by the electrical engines. A representative of the Whitney syndicate, according to the Tribune, said the financial details of the plan by which the Ganz concern is to join hands with Mr. Whitney and his associates in the establishment of a branch factory in this country have been arranged. It is further asserted that at least fifteen locomotive building concerns in the United States will be brought into the enterprise.

WRECK CREW'S QUICK WORK.

The Nickel Plate people are disposed to boast a little—and not unjustly—of the accomplishment of their wreck crew last week, when an engine left the rails near Calhoun street. The engine which was wrecked passed the yards with its passenger train at 3:14 o'clock, and at 3:20, sixteen minutes later, the wreck car and crew passed out of the yards en route to the scene of the accident. Whether or not this beats all previous accomplishments in this line it is not possible to ascertain, but it is certainly a very creditable performance.

JOE WHITE IN OKLAHOMA.

A letter to friends in the city brings news of the whereabouts of Mr. and Mrs. Joseph D. White and family, former residents of Fort Wayne. They are now located upon a farm ten miles from Lawton, O. T., and their address is Junction City. All members of the family are well and they say they like the country, but "it does not beat old Indiana." They say, also, that to get a dollar in that country one must work even harder than in Hoosierdom. Mrs. White writes that they lived very comfortably in a tent during the winter and that "the children have been going barefooted since February." She also says that Oklahoma is infested with millions of tarantulas, centipedes and stinging scorpions, some of which attain the size of newly hatched chickens. Mr. White is a blacksmith and for a number of years he was employed in the Pittsburg shops. From this city he went to a farm in Wabash county about three years ago, since which time there was little known of his movements here until the letter containing the foregoing information arrived.

CLEARING THE SHOP SITE.

The work of clearing the ground for the erection of the additions to the Pittsburg shops commenced this morning, when a number of men were put at work in removing the iron from the yards west of the main machine shop to ground further north, where new and large iron sheds are to be erected. So far as known outside of official circles, the fate of the superintendent's building on Clinton street, which occupies the proposed site of the shop addition, is in doubt. Conflicting rumors concerning it are afloat, but nothing definite has been given out concerning the matter. So far as is known, there are two bidders from Fort Wayne for the building of the shop. They are Barney Borkenstein and John Sulzer. The former sent in his bid yesterday.

WIRES COMPLETELY SEVERED.

For an hour or more yesterday evening telegraph communication with the east over the Nickel Plate's lines was completely cut off. Six miles east of Fostoria and three-quarters of a mile east of Linden, O., trees were blown across the line, cutting every wire in two. The line repairers hastened to the scene of trouble and this morning everything was in good working shape again.

BENEFIT LAWN SOCIAL.

There will be an ice cream social at Swinney park Tuesday evening, June 24, the receipts to be given to the girls of the Wayne Knitting mills who have been out of employment on account of the knitters' strike. The Machinists' union has volunteered the music.

INDUSTRIAL NOTES.

W. H. White, air brake inspector at the east shops of the Pittsburg, has gone to Chicago for a two days' visit.

W. F. Simmons, of the Wabash machine shop, is sick and was sent to the Peru hospital this morning.

Foreman Joseph Slater, of the Bass 'smith shop, went to Massillon, Ohio, last night on business for the company.

Oliver Heberj, jr., who had a hand injured a month ago in the Wabash shops, reported for work there this morning.

The Pennsylvania company will bring a big excursion party from South Bend Sunday on account of the Saengerfest.

Yard Conductor William Hayes, of the Pittsburg, is off duty for a brief rest, and Earl Repine has charge of the engine and crew.

H. H. Bowers had a foot injured and C. E. Bowen and F. W. Campbell are sick. They are truckmen at the Pittsburg freight house.

A. L. Hadley has returned from Pittsburg, where he spent several days in the interest of the Fort Wayne Electric company.

Engines 269, 263, 190, 274, 164, 537 and 140 were turned out of the Pittsburg shops during the past week, after receiving repairs.

Travel to Boston to attend the meetings of the Scientists is very heavy, all eastbound trains having from one to four extra sleepers and every berth occupied.

Mrs. Tim McCarthy, wife of a Pennsylvania engineer, was taken suddenly and violently ill this morning. Mr. McCarthy was in Crestline and he was ordered home immediately.

G. L. Lown, C. O. Lucas, James Roche and Fred Muhlenbruck, of the Pittsburg shops, are off duty on account of sickness. Henry Zollinger is off duty on account of sickness in his family.

Among the shipments from the Fort Wayne Electric works today were an 1800-light dynamo to the Fairbury Electric Light company, Fairbury, Ill.; two seven-horse power motors to the Laclede Power company, St. Louis, and a seven-horse power motor to the Gephard Piano company, Marion, O.

The Nickel Plate ran through the city last night a forty-two car train of refrigerators, loaded with dressed beef for export.

A special train of eight cars, loaded with immigrants, passed through the city over the Nickel Plate at 9:30 o'clock last night.

Brakeman C. Vardaman, of the Nickel Plate, has reported for work after an absence on account of the sickness of his wife.

Machinist Henry Mennewisch, of the Western Gas Construction works, is very ill at his home, corner of Oliver and Buchanan streets.

Harry Hibler, of Swinney avenue, traveling machinist for the Indiana Machine works, is in Mackinaw City, Mich., in the interest of the company.

The Nickel Plate took 450 excursionists from Findlay to Cleveland yesterday. The affair was the annual excursion of the Modern Woodmen.

Mr. and Mrs. E. W. Washburn and Mr. and Mrs. H. Hackman were called to Bourbon, Ind., this morning by the death of a relative. The gentlemen are car builders at the east car shops.

Miss Christie Fisher resumed her position in the Western Union branch office at the Pennsylvania depot yesterday, after an absence of several weeks, during which she visited her sister in Indianapolis.

G. S. McKee, superintendent of motive power of the Mobile and Ohio road, who was expected in the city Wednesday, went east over another route, being delayed in Mobile, and he will stop here on his way back home.

The Grand Rapids and Indiana company will put its cottagers' train in service a week from next Monday. The trainmaster is now engaged in selecting a crew. This train was well patronized last year and will be more liberally patronized this year on account of the greatly increased number of cottagers at the resort.

Nickel Plate Conductor Frank Maxwell has returned to the city, after a two or three weeks' sojourn in Oklahoma and Colorado. He saw nearly all of the Fort Wayne "boys" who have taken up an abode in that country and reports that all are well and fairly prosperous. In Mr. Maxwell's mind, a man with a good job is better off in Indiana than in the southwest, and he will continue to work on the Nickel Plate.

Conductor Kinzie Kimmell and William Koontz, of the Pittsburg, caught 107 bluegills at Ridinger lake yesterday. They went there upon a doubtful and difficult proposition, i. e., to beat Conductor Andy Lawson and Frank Kinsey's rabbit foot, which up to date held the championship in a piscatorial way. They accomplished this object by a handsome majority, beating the aforesaid combination just 104.

Machinist Henry Peck quit the Electric works this morning to take a position in the Wabash shops. George Rinbold, jr., quit a position on the Wabash road to take one in the Electric works. J. H. Dailey and Miss Elizabeth Meher are also new employes at the Electric works. Miss Meher will work in the metre department and Mr. Dailey in Foreman Knothe's room. T. F. Gaskins, who resigned at the works yesterday, has gone to Kokomo to work in the automobile factory.

The delegations from Garrett, Huntington and Bellevue in attendance at the celebration of the eighth anniversary of Loyal lodge, Ladies' auxiliary, B. of R. T., were augmented last night by several brotherhood men. Nine men came from Garrett alone. The entertainment at the hall late evening, which included the production of "The Spinster's Return," was witnessed by a crowd entirely beyond the seating capacity of the hall. It was a good-natured audience, however, and no complaints were made of the crowded condition of the hall. The entertainment was fine and the ladies were frequently applauded by the spectators.

Decatur Journal: Mrs. R. J. Lyons, who has been the guest of M. F. Rice and family in the city for several days, returned to her home at Fort Wayne last evening. She was accompanied to her home by Miss Fannie Rice, who will visit with her for a short time.

SCROFULA

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity; a heavy burden to place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This dangerous and stealthy disease entrenches itself securely in the system and attacks the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength and a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guaranteed entirely vegetable, making it the ideal remedy in all scrofulous affections. It purifies the deteriorated blood, makes it rich and strong and a complete and permanent cure is soon effected. S. S. S. improves the digestion and assimilation of food, restores the lost properties to the blood and quickens the circulation, bringing a healthy color to the skin and vigor to the weak and emaciated body.

CURED OF LA GRIPPE.

No disease of modern times has caused so much suffering as La Grippe and its after effects. BLOOD WINE is the only medicine sold which goes to the root of the trouble and cleanses the blood of La Grippe germs, making a cure certain. John A. Russell, 134 Newton Street, Lawrence, Mass., writes: "About a year ago I had a severe attack of La Grippe, and feared that dread disease, consumption. My druggist recommended BLOOD WINE, and after taking five bottles I am entirely cured. I recommend it to all sufferers from La Grippe."

Complete Satisfaction

We wouldn't ask you to purchase a GAS RANGE of us unless we know you'd be satisfied with it. You'll not hesitate to pay the price we ask. Our MONITOR is the best of all gas ranges, because it does all forms of cooking in the most perfect and satisfactory manner; because it is the most easily operated; because it has the most compact and durable construction. They save fuel, save work, save dirt, make housework a pleasure. A hot fire when you want it. Boiling water on the instant. Expense stops when you're through. $7.00 buys one.
